INVITATION FOR QUOTATION

Package Code: TEQIP-III/2019/MP/igec/58 325\ Package Name: IGEC/CE/NDT/01,02,03,04,05 Current Date: 26-Sep-2019 Method: Shopping Goods

To be uploaded on the Institute Website. Subject: INVITATION FOR QUOTATION FOR SUPPLY OF GOODS

Dear Sir.

1. You are invited to submit your most competitive quotation for the following goods with item wise detailed specifications given at Annexure I,

Sr. No	Item Name	Quantity	Place of Delivery	Installation Requirement (if any)
1	Ultrasonic Pulse velocity concrete Tester	.1	CE Department, I.G. Engineering Collge, Sagar	Installation should be done free of cost.
2	Rebar Scanner & Corrosion Detector	1	CE Department, I.G. Engineering Collge, Sagar	Installation should be done free of cost.
3	Digital Rebound Hammer	1	CE Department, I.G. Engineering Collge, Sagar	Installation should be done free of cost.
4	Pull out tester for Concrete	1	CE Department, I.G. Engineering Collge, Sagar	Installation should be done free of cost.
5	Concrete Mapping GPR	1	CE Department, I.G. Engineering Collge, Sagar	Installation should be done free of cost.

- 2. Government of India has received a credit from the International Development Association (IDA) towards the cost of the Technical Education Quality Improvement Programme [TEQIP]-Phase III Project and intends to apply part of the proceeds of this credit to eligible payments under the contract for which this invitation for quotations is issued.
- 3. Quotation
 - 3.1 The contract shall be for the full quantity as described above.
 - 3.2 Corrections, if any, shall be made by crossing out, initialling, dating and re writing.
 - 3.3 All duties and other levies payable by the supplier under the contract shall be included in the unit
 - 3.4 Applicable taxes shall be quoted separately for all items.
 - 3.5 The prices quoted by the bidder shall be fixed for the duration of the contract and shall not be subject to adjustment on any account.
 - 3.6 The Prices should be quoted in Indian Rupees only.
- 4. Each bidder shall submit only one quotation.
- 5. Quotation shall remain valid for a period not less than 90 days after the last date of quotation
- 6. Evaluation of Quotations: The Purchaser will evaluate and compare the quotations determined to be Substantially responsive, i.e., which
- 6.1 are properly signed; and
 6.2 Confirm to the terms and conditions, and specifications.
 7. The Quotations would be evaluated for all items together.
- 8. Award of contract The Purchaser will award the contract to the bidder whose quotation has been
 - mined to be substantially responsive and who has offered the lowest evaluated quotation price.

 Notwithstanding the above, the Purchaser reserves the right to accept or reject any quotations and to accept the bidding process and reject all quotations at any time prior to the award of Contract.

8.2 The bidder whose bid is accepted will be notified of the award of contract by the Purchaser prior expiration of the quotation validity period. The terms of the accepted offer shall be incorporated the purchase order.

Payment shall be made in Indian Rupees as follows:

Payment Description	Expected Delivery Period (in	Payment Percentage
Satisfactory Delivery, Acceptance, Installation & Testing	Days) 30	100

10. Liquidated Damages will be applied as per the below:

Liquidated Damages Per Day Min %: N/A Liquidated Damages Max %: N/A

11. All supplied items are under warranty of 24 months from the date of successful acceptance of items and AMC/Others is No.

12. You are requested to provide your offer latest by 15:00 hours on 15-Oct-2019.

13. Detailed specifications of the items are at Annexure I.

14. Training Clause (if any) Yes

15. Testing/Installation Clause (if any) Yes

16. Performance Security shall be applicable: 0%

17. Information brochures/ Product catalogue, if any must be accompanied with the quotation clearly indicating the model quoted for.

18. Sealed quotation to be submitted/ delivered at the address mentioned below, Indira Gandhi Engineering College, Sagar, Jabalpur Road, Baheriya Gadgad, Near Makronia Railway Station, Sagar - 470021

19. Any Supplier is allowed to be present at the time of opening of quotations.

20. Technical details, catalogues, etc. should be enclosed along with quotation.

21. Delivery period should be mentioned for the equipments/ materials.

22. Full description of equipments/ materials should be enclosed along with manufacturer's name.

23. All disputes with regard to the purchase of equipments/ materials etc. will be subject to the jurisdiction of Court at Sagar, M. P. only.

24. Please mention following on top of the sealed quotation submission envelope -

24.1 TEQIP - III

24.2 Package Code

24.3 Don't open before 03:00 PM on 15 Oct. 2019.

HIEnish .

25. We look forward to receiving your quotation and thank you for your interest in this project.

Annexure I

Sr. No	Item Name	Specifications
1	Ultrasonic Pulse velocity concrete Tester	Transit time range 0.1 micro second to 9999 or better microsecond, Resolution 0.1 micro sec. or better, Energising pulse 1000 volts or better, probes with connecting cables, TX frequency range 24 kHz to 150 kHz or better, Capable of measuring pulse velocity through material, Transit time, thickness of material, Young's modulus, crack depth measurement: configuration-USB SD card port, window OS, connection to PC through USB, readings based on flash memory and expandable memory.
2	Rebar Scanner & Corrosion Detector	Allowing fast acquisition of rebar data including: Rebar location, cover, spacing between rebar & rebar diameter on structures such as Bridges, Large Commercial or Industrial Buildings Rebar Diameter range 6 mm to 50 mm diameter, Powered by Built in rechargeable battery, wireless data transmission and USB drive storage, capable of generating graph of object detection data.
3	Digital Rebound Hammer	Digital Concrete test hammer with Measuring Range of 10 To 100 N/sq mm, Impact Energy more than 2 N.m
4	Pull out tester for Concrete	Test equipment to determine the pullout strength of hardened concrete by measuring the force required to pull a metal insert embedded inside concrete. The insert is pulled by means of a hydraulic pull machine reacting against a counter pressure. The apparatus should be supplied with a core drill for making core hole a grinding wheel to prepare a flat bearing surface, a grooving tool to cut a groove of in concrete and an expansion tool to expand the insert into the groove as per ASTM C900. The bidder must have supplied and installed at least 5 such test systems conforming to ASTM C900 to government and highly reputed private research laboratories in the last 5 years.
5	Concrete Mapping GPR	Should be capable of 2D and 3D imaging of rebars in concrete, inspection of concrete for its integrity, location of voids, inspection of walls and floors for location of pipes, cables and other objects. Positioning by survey wheels with remote control, data acquisition system with antenna, controller and processing software, EC, FCC, IC.0 certificated, enabling onsite processing and visualization, Rechargeable battery.
